A PLURALITY.—The Glasgow Journal

states that a person in business died lately in that city, whose life was insured for £30,000. Immediately after his death this sum was laid claim to by no less than three families, consisting each of a wife and children, and what is singular, the one family seems to have not to have been cognizant of the other. Which family is the legitimate one nobody at present can say, until further is made; but it seems that each marriage was celebrated by a clergyman in this city, and the wives have been maintained in a respectable manner. It appears that he was in the habit of living a fortnight at a time in each house successively.

A story is told of one of the respectable farmers in Georgia, with whom an agent of the telegraph company staid all night, and to whom he explained for an hour or more, the whole operation of the mysterious wires. When he had concluded, much to his own satisfaction in enlightening his host on the subject, he was met with the query from the farmer—"How many bales of cotton will it carry to market?" "About forty," was the answer of the discomfited superintendent, as he sloped from the premises.

The New York Herald, in speaking of their establishment generally says, "As it is, there is no paper in this country organized on our principle, or with our means. We employ from twelve to sixteen editors and reporters in the office in New York, besides six, and occasionally ten, writers and reporters in Washington, and probably a dozen others in different places throughout the world, both in Europe and America. From twenty-five to thirty-five persons are constantly employed in intellectual labor alone. In no other journal in this city or country is there one-fourth part of this great be."

WHOLESALE RESURRECTIONISTS.—For

some time past strong suspicions have been entertained that some Dutchmen residing in Forty-first street, have been engaged in body-snatching, but the officers were unable until Friday last to discover anything confirmatory of their guilt. On that night however, some policemen of the Twelfth Ward discovered a wagon proceeding along Second Avenue, in the vicinity of forty-fifth street, under suspicious circumstances, and on overhauling it, there were found six sacks, each containing a dead body. There were three men with the wagon, but two only were secured, who gave their names as Heine and Nooley. They stated that the sacks were placed in the cart at Harlem by a man they did not know, tubbing to the city, and stating that they would be amply remunerated. Three were bottles of white men, one colored man, a white woman and a white boy. The coroner held an inquest on them yesterday, when Dr. Reese, of Bellevue Hospital, testified that he thought they had died within a week. There were no marks of violence on the bodies, and it is probable that they were taken from Randall's Island. The jury rendered a verdict to that effect. The two Dutchmen were committed.—New York Mirror.

FRIDAY, DECEMBER 24, 1847.

BY O. P. JACKSON, 97-THAMES ST.

There are times when the moral world seems to stand still; there are others when it seems impelled towards its goal with an accelerated force. The present is a period more interesting, perhaps, than any which has been known in the whole flight of time. The scenes of Providence thickened upon us so fast, and are changed with so strange a rapidity, as if the great drama of the world were drawing to a close. Even a few years ago, the scenes of the Revolution have been effected, which had they been foretold a very few years before, would have been viewed as visionary and extravagant; and their influence is yet far from being exhausted. Europe never presented such a spectacle before; but it is worthy of being contemplated with the profoundest attention by all the inhabitants of the globe. The empire of darkness and despotism has been smitten with a stroke which has sounded through the universe.

When we see whole kingdoms, after reposing for centuries on the laps of their rulers, start from their slumbers, the dignity of man rising up from oppression, and tyrants trembling on their thrones, who can remain entirely indifferent, or fail to turn his eyes towards a theatre so august and extraordinary? There are kinds of thrones and struggles of nature, to which it would be a silliness to refuse our sympathy. Old foundations are breaking up; new edifices are rearing; institutions which have been long held in veneration, as the most sublime refinements of human wisdom and policy, which age hath augmented and confirmed, which power hath supported, which eloquence hath conspired to embellish, and opulence to enrich, are falling fast into decay. New prospects are opening on every side, of such amazing variety and extent, and to stretch farther than the eye of the most enlightened observer can reach. Some beneficial effects appear to have taken place in the old world, sufficient to nourish our most sanguine hope of benefits much more extensive.

At Antioch, mistress of the world, gives strong assurance that she will yet achieve all her departed glory, and that the crown of her second dominion shall be more lofty and ennobling than the first.

The mischief and folly of wars are understood, and we confidently look forward to a more distant, when all the feuds and contentions of Republics and Monarchies and all other forms of governments, of every kind and name, shall be adjudged by a Congress of Nations; and the more and barbarous system of warfare, now accounted honorable among the most enlightened nations of the earth, will be denounced by all classes of the world.

As the mind naturally yields to the impression of objects which it contemplates, often we need not wonder, if amidst events so extraordinary, as are now passing in Europe and elsewhere, the human character itself should appear to be altering and improving by degrees.

That fond attachment to ancient institutions, and blind submission to opinions already, which has ever checked the growth of improvement, and drawn on the greatest benefactors of mankind, danger or neglect, is giving way to a spirit of bold and fearless investigation. Man seems to be becoming more erect and independent; he leans more on himself, less on his fellow-creatures; he begins to feel a consciousness in a higher degree of personal dignity, and less enamoured of artificial distinctions. There is some hope of our beholding that simplicity and energy of character which marks the natural state, blended with the luxury, the elegance, and improvement, of polished society. The events which have lately taken place, and the farther on they proceed, in Europe, will open to the contemplation of every character, innumerable sources of reflection. To the philosopher they present many new and extraordinary facts, where his penetration will find ample scope in attempting to discover their cause, and to predict their effects. He will have an opportunity of viewing a new world in an interesting situation, and tracing the progress of opinion through channels it has rarely flowed in before.

The politician will feel his attention powerfully awakened on seeing new maxims of policy introduced, new institutions, and such total alteration in the ideas of a great part of the world, as will oblige him to study, the art of Government, as it were, *de novo*.

The devout mind will behold in these momentous changes, the hand of the Almighty, and discerning in them the dawn of that glorious period, in which wars will cease, and anti-christian tyranny shall fall, will adore that unerring wisdom, whose secret operation never fails to conduct all human affairs to their proper place, and impels the great actors on that troubled theatre, to fulfill, when they least intended it, the counsels of heaven, and the predictions of its prophets.

Among the promotions which have recently been made in the Army, we are happy to announce that of Captain Joseph S. Pitman, of the Ninth Infantry, of Providence, to be Major, September 31st, 1847, in the Fourteenth Regiment. Captain Pitman has fought gallantly in all the engagements in Mexico, from the storming of Vera Cruz to the capture of the City; he is a most estimable man, and we heartily congratulate him on his early success.

First Lieut. John S. Slocum, of the Ninth Regiment, of Providence, to be a Captain in the same Regiment, October 9th, 1847. The same remarks which we make in regard to Major Pitman, will apply equally to Captain Slocum.

Second Lieut. Asher R. Eddy, of the First Regiment of Artillery, of this town, to be First Lieutenant, in the same Regiment, August 19th, 1847. Lieut. Eddy is an accomplished young man, and has been an assistant Professor at the Military Academy, at West Point, for more than two years.

CATHOLICS IN THE UNITED STATES.—We learn from the Catholic Almanac, for 1848, that the catholic population in this country is estimated at 1,190,700. Within the United States there are three catholic archbishops, 24 bishops, 890 priests, 907 churches. Twenty priests died last year. There has been in the same period of time an accession of 76 to the number of priests, and 95 additional churches have been erected or dedicated.

Leonore, Capt. Dale, from Calcutta via St. Helena, arrived at Boston Wednesday morning. Capt. Dale has furnished the Merchant's Exchange with Cape of Good Hope papers to Oct. 15. They contain no news of importance. The Kafir war was still unfinished. The English troops were marching backwards and forwards, but the enemy kept out of their reach in the mountains.

ARRIVAL OF A YACHT.—The British sloop (yacht) Iris, Capt. Burk, from Hull, 16th inst, arrived in Boston Wednesday morning. Mr. De Latour, the owner, accompanied by the Hon. Mr. Carson, son of Lord Howe, both of the Rifle Brigade, came passengers. It is expected that the Iris will have a race with the yacht Coquette of Boston.

The two Episcopal Churches and the Catholic Chapel, in this town, have all been beautifully dressed with evergreens, for Christmas; they will be opened for public worship to-morrow, as usual, in celebration of the holy festival of the birth of the Saviour of the world; services commence at 11 o'clock, A. M.

We saw any quantity of poultry in our streets yesterday, and all the good people were pushing in various directions to their homes, each with a large turkey for Christmas; we hope that the poor will be remembered bountifully on the occasion.

Ship Lotus Phillips, which was towed into Edgartown on Monday night, by one of the Nantucket steamers, will remain there till the captain hears from New York. The Nantucket Inquirer thinks it will be difficult to make the owners and insurers understand the full extent of the danger from which she was rescued by the citizens and steamboat company of the island.

We learn from Lieut. Pense, who left Edgartown on Wednesday, that the Louis Phillips's head is broken off, and that she looks considerably. It was thought that she would be taken to New York as she is.

It is stated that the Embassy to Rome will be offered to Chief Justice Taney, of the Supreme Court.

LATER FROM SANTA FE.—Fourteen companies of Mexican troops are quartered at Chihuahua. Two battalions left Santa Fe for the south, intending to winter at El Paso.

The Santa Fe Republican says that the troops who have gone southward are committing depredations and violence upon the people of the whole country.

War parties of the Apache Indians have attacked Rio, drove off 200 cattle, and killed three men, also destroying all the wagons. Paymaster Spaulding reports 3500 Mexicans at Chihuahua, who are engaged in erecting fortifications and casting cannon.

The third Lecture of the course before the Association of Mechanics and Manufacturers, was delivered at Armory Hall last evening, by the Rev. Mr. Osgood, of Providence; subject, Life of Milton. This was an ably written Lecture, and attentively listened to by a large and intelligent audience, but we think "A New England Home," the subject of a Lecture sometimes delivered by the Rev. Mr. O., would have been more pleasing to the audience, generally, and more appropriate to the Institution before which these Lectures are being delivered.

The arrest of Worth Pillow and Duncan by Gen. Scott, was merely a rumor at Vera Cruz. If Worth were under arrest, of course he was sent by Gen. Scott to prevent the "military operations" from overturning congress at Queretaro.

A PIRATE.—A letter from Capt. Gordon, of schooner Juliet, of Portland has the following:

"Schooner Juliet, Nathaniel Gordon, Jr. arrived at Guaymas, Nov. 17th, from Portland. On the passage out, fell in with a piratical schooner of about eighty tons having two guns and twenty men. She ordered me to send my boat on board, thinking there was no chance of escape, we laid our topsail to the mast, getting the boat ready, waiting for him to come down; he hauled up his topsail, when having a good opportunity we fired away, shot across his bows, and got clear of him. She chased me twelve hours, firing grape shot at us, which did no damage."

The Court Martial, on the Fremont trial, have expelled the Reporter of the Balconette in his report.

Of 150 Hollanders on board the Phoenix, lost on Lake Champlain, only 25 were saved.

We refer our readers to the advertisement, in another column, of Hazard's "Chemical Erasive Compound," a most excellent article to remove grease-spots and the like from garments of all kinds; we have tested the qualities of the Compound, and can speak from experience when we say that its virtues are unsurpassed.

The Catholics, in this town, have recently erected a very neat school-house in the lower part of Spring street, directly opposite the residence of the Priest, the Rev. Mr. Fitten. It is in the Gothic style, and makes a very good appearance.

We learn from the New London Star that the Cutter Crawford lies easy, and will probably be got off.

George W. Kendall, Esq., of the New Orleans Picayune, who has just returned from Mexico, where he has been during the whole of the war, is in New York.

An English correspondent of the National Intelligencer, says that Ralph W. Emerson, of Boston, is exciting much attention in Manchester and Liverpool, and that a brilliant reception awaits him in London.

The coinage of the U. S. branch mint of New Orleans for the month ending Nov. 31st amounted to \$160,000. Of this sum 890,000 were in silver half dollar pieces, and the rest in gold eagles and quarter eagles.

The Ladies Fair, of Zion Church, opened last evening, and there was a large number of ladies and gentlemen present; their display of fancy articles was very large and beautiful. The Post Office attracted much attention, and from the happy smiles that played over the countenances of the young ladies and gentlemen, we are quite inclined to believe that they enjoyed themselves mightily.

It will continue through to-day and this evening. Go, by all means.

Forgive me, gentle one, I pray,
If, when I gaze on thee,
A joyous smile illumines my face,
And mirth seems wild and free.

I met thee not an hour ago,
The rose-hue on thy cheek,
Thy laughing eye with kindness beamed,
And yet I dare not speak.

But what are words compared with looks,
And such as thou canst give?
They banish gloomy thoughts from all,
And bid the drooping live.

Oh, artless smile as thou hast now,
So artless, pure and gay,
Then I shall feel that life is but,
A bright and endless day.

ST. AUGUSTINE A RESORT FOR INVALIDS.—The St. Augustine Herald says that there are now in that city, quite a number of strangers who visit there for the benefit of their health, and to avoid the chilling blasts of the North. It was much the fashion in former years for invalids to resort hither, and many, very many, remember St. Augustine with kindly feelings, as having by means of its genial climate and balmy atmosphere been restored to the blessings of health and usefulness. Previous to 1835 every winter St. Augustine was filled to overflowing. The Seminole war, which broke out in 1835, diverted the current of migration into other channels, and St. Augustine for a time has been measurably forgotten or overlooked. The tide seems to have turned and we have reason to believe that it will be again the fashion to make St. Augustine a winter resort.

SACRIFICY OF THE ELEPHANT.—The other day, says the New York True Sun, while the menagerie procession was passing up the Bowery in that city, a company of troopers came galloping down in the opposite direction. As they neared the elephant car, a little boy, only four years old, who was walking beside the monster animal, got confused and could not get out of the way. The horses would have inevitably trod him under foot had not the noble elephant, seized the poor little fellow with his trunk. The boy screamed loud enough to be heard a great way off, but in an instant the elephant had placed him on his back in safety, amidst the shouts of the multitude.

JONES'S SOAP.
Ladies in the country and watering places, See how the sun has burnt your face! Look at your necks—how yellow, dark and tan! Why, 'twill repulse the love of any man! Those freckles, too, you know they'd quickly fly If Jones's Soap you'd use; come once—do try! It costs but fifty cents, and I am told It's worth, aye, doubly worth, its weight in gold. Persons who have had no faith in it, have been astounded at the wonderful effect of Jones's—that is, the genuine Jones's Soap—in purifying the skin. For sale by Dr. R. J. Taylor.

The Lady's Faith in Radway's Soap.
I knew my face is Tanned and Freckled With Pimples, and with blotches speckled Sunburn and other annoying spots, With Scoury, Morpew and Salt Rheum, Upon my cuticle assumed To reign with full authority.— But, ah! my friends, I'll cure them soon, With a soap of a superior quality. Radway's Chinese Medicated— Is the name of this precious Soap: It really cures all hereinstated— Either Pimples, blotches, Tan or Spots. The lady lady she spoke the truth, She found the Soap the friend of youth, And beauty now assumes its place, Upon the clear, transparent face, All ye who have upon your skin, Pimples or blotches, pustules or Tan, Or if perchance upon your arms— And would possess angelic charms, Fear not to rest your faith and hope In Radway's Medicated Soap.

A secret which baffles the ingenuity of all who have attempted to analyze its properties. Radway's Chinese Medicated Soap. The extraordinary effects of this delicious emollient is truly astonishing, for no sooner is Radway's Soap applied to the face, than tan, sunburn, pimples, blotches, tetter and other excruciations speedily disappear. It softens, soothes, heals and sweetens the skin, and imparts beauty to the complexion of all who use it. Sold for 2s. for large, and 1s. for small. at 22 Courtland st. N. Y. R. J. TAYLOR, Agent.

[Extract of a letter from Dr. Williams of Va.]
Gentlemen—I will thank you to send me two dozen more of your Sarsaparilla and Tomato Bitters. I have used it with great success in four cases of dyspepsia, curing each of them in an almost incredible short time; likewise one case of scrofulous humor and one of jaundice. I consider it a valuable compound, and must say I have used it with the happiest effects. Should like to have it as soon as convenient. One of the cases of dyspepsia was a gentleman who had suffered a long

time, and had been to the Springs for two seasons.

A. Boyden, Esq., of Cambridge, cured of the dyspepsia of a year standing, after trying a hundred remedies without the least effect.
For sale by R. J. TAYLOR.

Sand's Sarsaparilla.—The following interesting case is presented, and the reader invited to its careful perusal. Comment on such evidence is unnecessary.

East Point, Va., Aug. 10, 1846.
Messrs. Sande: In the spring of '41 I had the typhus fever, with which I suffered the most intense pain, and when I recovered from that, I was attacked with a spinal complaint and lumbago sore throat. This continued till June, '43, when my throat and lungs cleared, attended with a severe cough, and my face was covered with scrofulous sores. I cannot describe what I suffered for five years, three of which I was confined to my bed. During this time I received no benefit from the prescriptions of the various physicians, and had nearly given up all hopes of ever being any better. At this time I was induced to try your Sarsaparilla, from the many remarkable cures it had performed, and strange as it may appear, the first bottle effected a sensible change. By continuing its use my health has so much improved that I can now not only sit up, but walk; and I fully believe, with the blessing of Providence, that it will effect a perfect cure.
Yours, very truly,
ADELPHI STANLEY.

To enable Mankind to Die of Old Age without Disease.—The public may not be aware that the Rev. B. Hibbard's Vegetable Pills are the very best Family Medicine extant; perfectly reliable in every emergency. No one can foresee the moment when they or their children shall be attacked. Disease comes like a thief in the night, and in times of peril, anxiety and danger, it is a relief to the mind to have at hand a remedy so certain, prompt, and efficient in warding off as well as curing disease. Ship Fever, Typhus Fever, Congestive and Bilious Diseases are rife throughout the land. To travellers, emigrants, soldiers, and families, we say neglect not to provide yourself with so potent a passifier of the blood, so safe, mild, and universal a remedy as these sovereign Vegetable Pills. Remember the name of Rev. B. Hibbard is on the label of each box. All others are spurious. T. R. Hibbard, M. D., 58 John-st., New York, proprietor. See advertisement in another column.

Sore throats, cough, consumption, pains in various parts of the body, and other unpleasant symptoms, are the usual effect of catching cold.

Hibbard's Vegetable Pills are a delightful medicine for carrying off a cold, because they purge from the body all morbid and corrupt humors in so easy and natural a manner, that the body is relieved of all suffering as if by magic. From three to six of said Indian Vegetable Pills, taken every night on going to bed, will, in a short time, make a perfect cure of the most obstinate cold; at the same time the blood and other fluids will be thoroughly purified, and the constitution completely invigorated, that the body will be restored to sounder health than before.

The Good Things of the Season,

FOR

Parties, Holiday Presents, &c.

WINTER evenings, and YOUNG'S Variety Store, 140 Thames-st., is the place for the inhabitant of New York. There is nothing so agreeable to the eye, and so useful to the pocket, as a good assortment of goods, which cannot be obtained at this store, and all as low and as good as any other store in the city. For example, we will attach the following prices, and every article is warranted.

Western Apples about \$1 75 to \$2 12 per bbl; Shell-barks \$2 per bushel; peaches, \$1 50 per bushel; cherries, 10c per lb; raisins, 10c per lb; currants, 10c per lb; new raisins, 10c per lb; and currants, 10c per lb; we sell these best quality articles at wholesale prices. Prunes 20c per pound; grapes 25c per pound; new citron 25c per pound; preserved ginger \$1 10 per jar; or 30c per pound in small quantities; candies and all kinds of confectionary cheaper than they have ever been sold at any other store in the city, at wholesale and retail, always fresh and of the finest quality; for the truth of this we wish every one to come and judge for themselves.

Miracle.

ON the 14th of August, in the year 1813, a singular scene occurred in the Royal Scientific Institution of France. The aged, white-headed President, his head bare, his arms outstretched, his face radiant with smiles, (for science was triumphant), and his voice with grateful rapture, delivered the following report:

We are astounded at this singular preparation, where indeed will science stop! Here we have a preparation made in the form of a beautiful piece of soap, which we know by actual practice, to cure every cutaneous eruption, every disfigurement, and even discolored skin. (Where will its magic and singular power cease!) The Negro, the Grease, the Yellow Face of the East, and the Red Man of the West, are alike under the influence of its extraordinary powers of clearing yellow or discolored skin, and making it white and beautiful, and of changing the color of dark, or black, or brown skin. (Here several persons were brought forward by the President, who had used it, in proof of his assertion.)

There are probably few persons of intelligence, who, after reading the above, will doubt the qualities of JONES' ITALIAN-CHEMICAL SOAP, in curing Pimples, Blisters, Salt Rheum, Scoury, Erysipelas, Sore Heads, Old Sores, Rashes, and Barber's Itch, Chapped and Fissured Lips, Prickles, Tan, Sunburn, and changing dark sunburn or yellow skin to a pure, clear white, as smooth and soft as an Infant's, and in fact every kind of eruption and disfigurement. Read these certificates:

[From the N. O. Sentinel, Oct. 1811.]

One of our subscribers, Mr. H. Leonard, informs us that he has been cured of old, scaly Salt Rheum, of eighteen years standing, on his head, fingers and hands, by a cake of an article much advertised lately—we speak of Jones' Italian Chemical Soap. He also informs us that he has tried its effects on his female slave Rose, much marked with sun spots, and he found in two weeks her skin much clearer and whiter.

James Eltham, a painter in Jersey City, was cured of carbuncles and pimples, which he was afflicted with for many years, by part of a cake of Jones' Italian Chemical Soap.

Persons in purchasing this must always ask for Jones' Italian Chemical Soap; and perhaps, as many who have been deceived, with counterfeits, will be too much discouraged to try the genuine, we say to such, try this once—you will not regret it, but always get the name of T. JONES is on the wrapper. For sale in Newport by J. H. TAYLOR.

A very Extensive Supply.

IN offering this stock of goods to the inhabitants of Newport and vicinity, I am aware that the satisfaction of making a good bargain is incomplete—it is not realized when the purchaser does not know that he is receiving for his money the very best return. To give, in this case, full assurance, I will say, that whilst the above goods are too valuable to allow of being purchased at lower prices than other goods in market, I will notwithstanding, sell them at such prices as cannot fail to secure a continuance of that custom which I already have so largely and so liberally received.

The great and only Successful Remedy for the cure of Consumption.

IS Dr. B. W. Vandersmith's INDIAN COUGH BALM AND LUNG BALSAM.

READ-ER.

Disease of the Lungs and Throat cured.

White Plains, April 20, 1847.

This is to certify that I have been afflicted for five years with a cough, pain in the chest, night sweats, difficulty in breathing, etc., and I also expectorated a large quantity of frothy matter and blood, from which I was reduced to a perfect skeleton, my throat was very much ulcerated. I had lunar caustic applied to my throat twice a week, but received no benefit; I have used one hundred different kinds of Patent Medicines, recommended by my friends, but all to no purpose. A friend of mine, Mr. Willett, whose lungs had been affected for two years past, was cured by Dr. Vandersmith's Medicine. He insisted upon my trying Dr. V's, and I did so. After I had used his medicine 15 days, I expectorated large quantities of yellow fetid matter, my chest expanded, and my difficulty in breathing subsided. I persevered with his medicine, and the result has been, I am perfectly cured of all my sickness. I recommend every consumptive to try Dr. V's medicine, I am confident it will cure you. Your sincere friend, EDWARD C. THOMPSON.

Inflammation of the Lungs.

New York, June 19, 1847.

Dr. Vandersmith—I have been subject to a cough, pain in the chest, difficulty of breathing, &c., for many years past. About four months ago I took a severe cold, which settled on my lungs. I was unable to attend to my business during the day. I would have dreadfully coughing at night. I thought it was impossible for me to survive unless I could get relief. The excessive night sweats, had reduced my whole body to a skeleton. I expectorated white frothy mucus, in fact, should I give the full particulars of my case, it would be almost incredible. I was recommended to try Dr. Vandersmith's Indian Cough Balm and Lung Balm. I consented; when I used it about one week, my cough decreased considerably, which gave me great hopes. I continued with the medicine according to directions, and the result has been that I am restored to health, a blessing that I have not enjoyed for years, until the present. I sincerely believe had I not made use of Dr. Vandersmith's invaluable medicine, that I would be mouldering in the silent grave. Therefore I believe that I am doing nothing but what is justice, in stating the above facts, so that you may show it to all the afflicted who may call upon you to administer to them. I shall be pleased at any time to converse with the afflicted who call upon me. Your grateful patient and friend, JAMES B. HENDERSON.

Consumption.

Staten Island, June 10, 1847.

Dear Sir—I take great pleasure in giving you my certificate, last December I was attacked with a severe cough, pain in my left side, loss of appetite, and continual raising of white and yellow mucus. Some days I raised a half-pint of mucus, streaked with blood. I have been under the treatment of a dozen physicians, I was recommended by Dr. Mitchell of Philadelphia, to use a Breathing tub, I purchased one, I only made use of it one week, it was the cause of bringing on a hemorrhage of the lungs, which reduced me so much that I was unable to sit up, my voice was entirely destroyed. It was difficult for persons to understand me. I saw Dr. Vandersmith's Medicine recommended very strongly by a patient whom he had cured. I sent for half a dozen bottles, I received great benefit from that, which induced me to purchase a dozen bottles, I took according to the directions, and it cured me perfectly sound.

Yours, &c. ROBERT WILLEY.

Hyer's Pills.

The American Improved Hygienic Vegetable Medicine.

SAFE, CHEAP AND EFFECTIVE.

THIS medicine makes no pretensions to miraculous powers, the raising of the dead, or to immense and astounding sales daily and hourly, after the most approved method of the times; but basing all its claims upon plain common sense principles, as a simple aid to nature in restoring the human system to its proper tone and action, when by carelessness or unavoidable circumstances it has become deranged or debilitated, and asks simply a faithful trial as a test of its curative properties. During the last twenty years it has worked its way into extensive use, wholly upon its own merits, by commendation from individual to individual, not having been advertised for more than twelve years till within the past few months—save occasionally in a journal of which the present proprietor is Editor. The increasing demand, however, has measurably compelled greater attention to its business, and agencies are now being established throughout the country.

A faithful trial of a half dollar or dollar package is almost certain to secure use in every family where it is introduced, where medicine is needed. The undersigned has used it in his own family for more than fifteen years—has knowledge of its approved use in many others, (for periods varying from months to fifteen or sixteen years,) as their only medicine, and knows it to be valuable in most of the complaints incident to the human system. But a long or extravagant commendation is not designed or needed here. Ten thousand more assertions in its favor will not make it valuable, or satisfy reasonable persons without a trial; for the proof, after all, must lie in the use of it. Try it, then. Read, try, and then judge.

Bogle's Hyperion Fluid; Or Vegetable Hair Composition.

THE subscriber has been induced to bring this article before the public, at the request of his numerous customers, among whom are physicians and citizens of the first respectability, who have adopted its use in their families, and wish others to participate in its advantages.

The Hyperion is composed of vegetable ingredients, the secret of compounding and blending which is known solely to the subscriber. It is an article in which a cleansing and purifying wash is beautifully blended with a most delicate, silky and glossy moisture never before attained, yet free of animal grease or essential oils. It cleanses the pores of the skin, causes a healthy action in the blood vessels, nerves, &c., which feed the hair, thereby preventing baldness and grey hair.

It entirely frees the skin from Scurf, Dandruff, and other cutaneous diseases, disposes the hair to curl, and changes the harsher hair into the most soft, glossy, and healthy state, also imparts to it a darker color, and the free use of it, both on the skin and hair, in a most healthy and luxurious state until the latest period of life.

Ladies will find the Hyperion a great addition to the toilet, both on account of its delicate and agreeable perfume, and the great facilities it affords in dressing the hair, which, when moist with the fluid, can be dressed in any required form, so as to preserve its place, whether plain or in curls. When used on children's heads, it lays the foundation of a good head of hair.

Manufactured and for sale by WM. BOGLE, 228 Washington, corner of Summer street, Boston. Sold in Newport by R. J. TAYLOR.

GENUINE BEAR'S OIL.

Highly Perfumed.—Perhaps our ladies and fashionables are not aware that three-quarters of the "Bear's oil," (so called) with which they anoint their locks, wondering that it does them so little good, is nothing in the world but hog's lard, so highly scented as to escape detection, save on close examination. This, however, is simply the fact, and one that ought to be known. The only safe way is to purchase your Bear's Oil of HENRY JOHNSON, who gets it direct from Canada and the North Western Territory, and who never sells an ounce until he knows it to be genuine. The real Bear's Oil is a wonderful beautifier and strengthener of the hair, and should be used by every one desirous of beautiful locks.

Coggeshall & Bliss' Patent Cooking Range.

THE subscriber has just taken out letters patent for a new and beautiful cooking Range, to which they invite the attention of the public.

This Range may be set in the ordinary fire place, and by a simple, though effectual apparatus, the throat of the chimney may in an instant of time, be opened or closed, so that the heat in summer and the fumes from cooking at all times may escape through the chimney.

Wood or coal may be used, and the evil of smoking chimneys is completely remedied by its introduction.

This Range is so constructed that it takes up but a small space, and yet it contains all the qualities of those which take up double the amount; and it being constructed as it is, the Boilers are brought in close proximity with the fire, and it consequently boils much sooner, and with a smaller amount of fuel, than the old fashioned Ranges, or cook stoves. It contains five boilers, four of which may be converted into two, by taking out a cross piece, and thus will admit of two large boilers at the same time. It also contains an Oven 12 inches wide by 21 deep, which cannot be surpassed for baking.

The subscriber has one of these Ranges in operation at his store, where the public are invited to call and examine it, and if they will, they must at once discover its utility. He also keeps constantly on hand all kinds of Parlor, Office, and Cook Stoves, Tin Ware, &c., &c. WM. H. BLISS. Feb 9 1/2

DOCT. EMANUEL'S BALSMIC LUNG AND COUGH JELLY.

THE materials of this Jelly are purely vegetable and balsamic, and are the invention of an eminent physician, from whom the proprietor has purchased the recipe. It is certainly worth its weight in gold, but is put at a price to be within the reach of rich and poor.

Names and residences of persons residing in the city of New York, who have benefited or benefited by Dr. Emanuel's Balsamic Cough and Lung Jelly, when it was prepared in another form:

Mr. Theron Ansell, 113 William-st., N. Y., had for some time, a dreadful pain in his side and chest, with a hacking cough, and shortness of difficulty of breath. He used part of a bottle of Dr. Emanuel's Balsamic Lung and Cough Jelly, which perfectly cured him.

Mrs. Morgan, Front-st., Brooklyn, had a very obstinate cough and cold. She tried every other remedy in vain, and Dr. Emanuel's Balsamic Lung and Cough Jelly entirely cured her.

Reader, reader, let the glad voices and grateful hearts of these respectable citizens of New York, appeal to your hearts and understandings, if you are afflicted with any pulmonary complaint, cough, cold, &c.

Mr. L. W. Conklin, 102 Eldridge-st. Mr. Alonzo Brown, 123 Reade-st. Mrs. Morgan, 103 Front-st., Brooklyn. Orange county, April 19th, 1846.

Dr. EMANUEL.

Dear Sir—You may perhaps think my statement almost incredible. My reason for fearing so is the fact of your never recommending your Jelly for the cure of confirmed consumption, but only in its primary or first stages. I have every reason to believe that I was in its last stage; my physician told me so; my friends told me so; as well did my symptoms, for they were truly alarming; and I felt fully convinced, that unless relief was obtained, I must soon be consigned to the narrow confines of the silent grave. But by the timely use of your remedy, I still live, and again enjoy my former good health. I had, indeed, dear sir, all the alarming symptoms you speak of as forming consumption in its worst stage; but by the use of your Jelly, I again say, I am cured. Yours, dear sir, with great sincerity, ISAAC J. BEED.

And now, reader, having given you a plain statement, let me conjure you to pause, ere it is too late; try this Balsamic Lung Jelly—try it. I have put its price to you as low as I can afford; if you use it, and succeed in curing yourself, I shall have the gratification of having rescued another from consumption; and I hope, in return, that you will not withhold from me your name, and a statement of your cure.

Dr. Emanuel's Balsamic Lung and Cough Jelly, is sold by the Agent, R. J. TAYLOR. Price fifty cents a bottle, or larger sizes one dollar. Dec. 11.
